

# Jornada de innovación en cáncer urotelial.

## Hot Topics and Daily Challenges in Urothelial Cancer

📅 3 de octubre 2024

🕒 12:00 horas

📍 **Hospital Universitario HM Sanchinarro**  
Auditorio Reina Sofía  
C/ de Oña,10, 28050 Madrid

Organiza

Director del curso

**Dra. Elena Sevillano Fernández**  
M.D. PhD Unidad de Tumores Urológicos, Ginecológicos y piel  
HM Hospitales

Coordinador del curso

**Dr. Jesús García-Donas**  
M.D PhD M.D. Unidad de Tumores Urológicos, Ginecológicos y piel

Dirigido a profesionales  
Formato presencial y online

## Composición de la mesa

### Ponentes:

*Dr. Joaquim Bellmunt*  
*Dr. Jesús García-Donas.*  
*Dr. Guillermo de Velasco*  
*Dr. Félix Guerrero*  
*Dr. Alfonso Gómez de Liaño*  
*Dr. Pablo Gajate*  
*Dra. Elena Sevillano*

### Moderadores:

*Dra. Elena Sevillano*  
*Dr. Jesús García-Donas*

## Programa

**12.00-12.10h Introducción**

### EARLY STAGE

#### **12.10-12.30h Non Muscle Invasive**

- BGC unresponsiveness and alternatives to radical cystectomy?
- Best options for patients after BCG

#### **12.30-13.30h Muscle Invasive Bladder Cancer**

- Neoadjuvant immune checkpoint inhibitors vs neoadjuvant cisplatin-based chemotherapy for MIBC?
- Bladder sparing options vs trimodality therapy or radical cystectomy
- Adjuvant treatment options in high risk patients of bladder cancer and upper tract urothelial cancer
- New combinations options and biomarkers of response
- Does variant histologies change your recommendations?

#### **13.30h-14.30h Advanced Disease**

- First line current strategies. Are we evolving towards a platinum-free future in urothelial cancer?
- Second line therapy: Choosing wisely
- Molecularly guided therapies for metastatic urothelial cancer
- How FGFR status impacts treatment decisions and sequencing consideration?
- Antibody-Drug Conjugates: new winning horse?
- Where are we with treating HER2 genomic alterations?
- Novel biomarkers associated with treatment outcomes
- What is the role of artificial intelligence in screening and diagnostic of bladder cancer?
- What is new and on the horizon?
